DECLARATION

As below named inventors, we hereby declare that:

Our residence, post office address and citizenship are as stated below next to our names;

We believe we are the original, first and joint inventors of the subject matter which is described and claimed and for which a patent is sought on the invention, design or discovery entitled "A Process Using Water Tolerant Lewis Acids in Catalytic Hydration of Alkylene Oxides to Alkylene Glycols", the specification of which is attached hereto;

We have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above;

We do not know and do not believe that said invention, design or discovery was ever known or used in the United States of America before our invention or discovery thereof, or patented or described in any printed publication in any country before our invention or discovery thereof, or more than one year prior to this application, or in public use or on sale in the United States of America more than one year prior to this application; that said invention, design or discovery has not been patented or made the subject of an inventor's certificate issued prior to the date of this application in any country foreign to the United States of America on an application filed by us or our legal representatives or assigns; and

We acknowledge our duty to disclose information of which we are aware which is material to the examination of this application in accordance with 37 C.F.R. Section 1.56(a).
